

# Outside Plant Damage Recovery, LLC

## MISSION STATEMENT

*Our mission is to provide property and liability third party administrator services for utility companies across the nation by utilizing our staff's extensive experience and expertise in resolving plant damage claims. OPDR is committed to enhancing efficiency and reducing costs for our clients.*

## Capabilities Statement

Outside Plant Damage Recovery, LLC (OPDR) provides a full service subrogation unit to work with technicians, construction groups, and client excavation contractors to obtain information on damage incidents involving cable and utility companies. Established in 2003, OPDR's team of claim and investigative professionals represents years of comprehensive experience in these areas. OPDR focuses on a cutting edge external recovery program allowing each client to provide the highest quality of service to their customers while OPDR maximizes recoveries tailored to each individual corporate structure.
